

# PROTECT YOUR BRAIN ...

## ...FROM MERCURY !

**Mercury vapors** released by amalgams cross **blood-brain barrier**.

**Mercury** is progressively **trapped** and **accumulates** into the **brain**.

Amalgams wearers and dentists have much more **mercury** in their **brain**.

**Dental mercury** is strongly suspected to increase the **risk of Alzheimer's disease** and **multiple sclerosis**.

*It is quite unacceptable to continue inserting such a potentially toxic substance in people's mouths when safer alternatives exist.*
